6. Clean Sweep Awards

- ◆ Nominate people on-line
- ◆ Theresa is working on patches
- ◆ We should do this before school closes
- ◆ Weren't we going to send them to the scout leaders and let them present them?
- ◆ It's not good if we don't do something.

7. Shelter Ridge

- ◆ We should send a letter because it applies to litter. Maybe if the development comes in they should be required to keep their area clean.
- ◆ We're approaching the point where picking up the litter is beyond the volunteers if we keep building and bringing people and workers into Shelton. We'll end up like a Stamford.
- ◆ Also, if the apartments don't get rented then it may end up as low income housing and there is a concern that more people in that situation may litter more and not take care of the property.
- ◆ Garbage from the complex may end up down in the river.

Mike Clay made a motion to send a letter to Planning and Zoning to let them know that the Anti-litter Committee is concerned with the increase in population generated by the Shelter Ridge project and the litter generated by the dramatic population density increase. This motion was seconded by Ron Pilkowicz. All were in favor.
