Review of the Budget

Chairman Holden states I would like to start with what I know of the review of the budget with Sharon and Lou about the line items that were over expended some of the items were taken care of with the transfers on the agenda from tonight’s meeting. There are some other under line items especially under Elections; the Board of Aldermen will need to address that. The Registrar Office did not average into the Special Election from when Mr. Belden passed away. Under Highways and Bridges there is $20,629.00 error this is believed to be a posting error that probably belongs under a different department. Under road repairs there is close to $170,000.

I have also requested that Sharon gives us a heads up on anything that comes out of whack and to go to the department head and address this issue.

Judson Crawford's statement is inaudible.

Charlotte Madar suggests for the Board to put their questions into writing and submit them to Mark Holden and then Mark can set up a meeting an address these concerns on the line items with Sharon up in Accounting and bring the answers to the following meeting.

Finance Committee Report

We have opened bids, awarded bids and have had a few rejections on bids and also a tabling of a few.
