Reports by Standing Committees
Athletics – No report was given.

Building and Grounds – Thomas Minotti reported the committee met with the Fire Marshal regarding the annual safety inspections of our buildings. Fire Marshal Tortora is working with Ken LaCroix to review any concerns in the schools. Mr. Tortora
anticipates the State report will be received sometime in October. The committee discussed an energy savings project. In addition, a proposal to install solar panels on the roof at Elizabeth Shelton School has been forwarded to corporation counsel for review.

**Cafeteria/Transportation** – Allan Cameron reported the grease traps will be in before school starts. Breakfast and lunch will be served at all schools except Elizabeth Shelton, which will have a breakfast program later on in the year. Today was back to school day for 70 bus drivers and aides who attended a meeting this morning. Dress rehearsal will be tomorrow with drivers simulating their assigned runs, in an effort to anticipate and reduce the first day problems. Mr. Cameron said First Student has hired more local drivers and aides who are familiar with Shelton’s roads. He said there are 56 buses making 336 runs over 200 road miles; at least three people have reviewed each run. The number of combined buses for Perry Hill and Shelton Intermediate has been reduced. Parents received an AlertNow message to view the schedule of bus runs on our website. Shute assignments will be posted on the website also. Dana Urban will upload information from Versatrans to Infinite Campus no later than Monday.

**Policy/Curriculum/Technology** – Thomas Minotti gave a summary of yesterday’s committee meeting. John Niski presented to the committee a proposed Booster Club policy for review and discussion, which has been sent to our attorneys. The committee is reviewing a draft bullying policy from CABE for possible presentation to the Board in September. The draft policy includes new State mandates which are unfunded. The Safe Schools Climate Plan as well as the District Safe Schools Coordinator and the individual School Climate Specialists must be in place by January 1, 2012. Some information regarding Title IX was presented to the committee by Cheryl O’Brien. The committee’s next meeting will be on September 22 at 4:00 p.m. in Conference Room A.
