Comments by the Board Chair
Chairman Holden said he is anxious to know results of SBAC testing as compared to other districts and said Shelton does well with available resources, which is a testimony of the quality of people we hire. He referred to the meet and greets at Booth Hill and Mohegan and said it’s clear that both principals have the demeanor and drive to make things happen in their schools. Mr. Holden commented on the progress of the superintendent search, stating that time will be taken to make sure the board hires the right person for the position. He said that while we’re taking our time to ensure we hire the best candidate, the fact that other districts are also looking means moving as expeditiously as possible is also important.
