CALL OF THE MEETING/PLEDGE OF ALLEGIANCE

Alderman John Anglace called the Regular Full Board Meeting of the Board of Aldermen to order in the Auditorium at 7:00 p.m. All those present rose and pledged allegiance to the Flag of the United States of America.

ROLL CALL

Alderman John F. Anglace, Jr., President – present
Alderman Eric McPherson, Vice President – present
Alderman David Gidwani – not present
Alderman Stanley Kudej – present
Alderman Noreen McGorty – present
Alderman Cris Balamaci - present
Alderman Jim Capra – present
Alderman Anthony Simonetti – not present

Public Portion

Jose Goncalves, 556 Long Hill Avenue

I’m a new Board of Education member and the parent of a graduating 2018 senior at Shelton High School. I am here tonight in support of the senior class of Shelton High School that wants to graduate at the high school football field.

There have been rumors that they’ll be graduating elsewhere. Even worse, out of the City of Shelton at a surrounding city. That is unacceptable to the seniors that have made four years of memories and a lot of hard work. A lot of their relatives and friends also graduated at the high school field. They went to a lot of the soccer games, football games, events at the field and they have a lot of memories there. They want to make one last memory.

The senior class has a petition signed by over 1,000 people, including parents, students, taxpayers and teachers - all fully supporting them graduating at the high school field. There have been a lot of rumors they want to graduate at Ansonia. That’s unacceptable.

In closing, I am asking you, the Board of Aldermen that represents the citizens of the City of Shelton to please – the renovations that they’re going to do at the field, which is great and the incoming class appreciates it, it’s 2018’s class. I would ask you and urge you to delay the renovations until after they graduate. If they were to do this talk of them doing some of the work at the Board of Education, three days, taking a time out – that’s unacceptable. You’re going to have mountains of dirt, people, parents, relatives are coming from out of state, in some cases out of the country. They’re going to be looking at piles of dirt. Can’t take good pictures.

So in closing, the seniors, I talked to a lot of them and their parents, they asked me to make it happen for them. Thank you very much.

President Anglace stated, as an aside, I don’t think I said this earlier but we don’t respond, you know, we don’t debate. But I would like to shed a little light on this subject for everybody’s interest.
I know that the Mayor has met with the officers of the senior class, and the Mayor has met with the Superintendent and other people from the Board of Education. They are working to try and make this happen, to have it in Shelton. That is my understanding.

Mr. Goncalves stated, yeah, I’ve heard that also but it’s not, they don’t have a set date yet. A lot of the students and parents want invitations to go out. They’ve got to have a commitment. Like I said, if they delay, if they stop three days of work, that ain’t gonna happen. You’re going to have bulldozers, heavy equipment all over the field. I’ve been to graduations at Shelton for the last 20 years. Taking pictures with the green turf, it looks nice, with pictures you can’t… The average student’s parent can’t understand, they want to start the work in May. Why won’t you just start it after graduation? It’s one more month. I mean, the average person can’t comprehend that. Just start in one month, the 2018 class graduates, it’s a happy ending for everybody.

President Anglace stated, we’re not privy to the details of the construction work so we can’t help you with that. Your point is well taken and we’ll bring it to the attention of the Mayor, who is working with the Board of Education on trying to make it happen.

Mr. Goncalves stated, yeah, because I’m on the board and I got misinformation. The Superintendent didn’t communicate well with the parents. I mean, you have to have an open line of communication with the parents. It’s going to be in Ansonia, it’s not going to be in Ansonia. They’ve contacted me and I’ve told them that I would address you and try to do the best I can to make it happen. Thank you.

President Anglace stated, we sympathize and we appreciate it.

Jackie Hanesh, 6 Old Dairy Lane

I have three daughters in the Shelton School System, all three currently attending Elizabeth Shelton Elementary School. I’m here tonight to request that you fully fund the Board of Ed’s proposal for the budget for next year. Unfortunately, even a fully-funded budget is quite honestly bare bones, but it is a step in the right direction to get us where we need to be. While overall enrollment might be down in Shelton, and quite honestly down across the State of Connecticut, the dynamic of our student pool has changed dramatically. The increase in students with complex needs has grown exponentially and we need to provide them with the tools and resources to ensure that they succeed. Additionally, we cannot adequately support the general ed population when so much of the budget is going toward contractual obligations.

While I recognize there isn’t an infinite pool of money within the City, I do think it’s time that we get creative. At the end of June, we no longer have the $1.2 million bus payment. Additionally, there’s incremental revenue that comes into the City that’s generated by the grand list expansion. This money should be put toward education.

I want to thank the Aldermen that did make the trip to Elizabeth Shelton a few weeks back. We certainly appreciate that you took the time out of your schedule to come visit. It’s obvious that our classrooms are overcrowded, our technology is outdated, and our teachers are lacking basic classroom supplies.

As co-president of the PTO, we have fundraised to purchase supplies for the classroom, and most recently we purchased 40 fire extinguishers to fully outfit the school classrooms appropriately. This purchase was made in response to the recommendation from the Shelton Police Department, where they told us fire extinguishers are a proven deterrent to intruders. It is imperative that our children and faculty feel safe at school.

The reality is, these children are the future of Shelton. They are the future homeowners, the future business owners, and quite likely the future elected officials within the City. We have an obligation to set them up for success in a world that is far
different that the world we all grew up in. Education needs to be a priority for Shelton; we need to invest in the children of this City. Thank you for your time.

Christopher Moore, 5 White Birch Court

While that’s where I live, I actually generally live in a world of reality, facts, and outcomes. The reason I state that is that I want to piggyback onto the statement that was just made. I’ve gone through the line items that were in the budget for the upcoming submission from the Board of Ed. And while there are many line items in there that are clearly being scrutinized by the City, there are line items in there that I don’t necessarily see that I feel could provide good outcomes in our school system for things like social workers, and potentially even resource officers to be patrolling the schools for the purposes of security and the safety of the kids. I’m looking at this topic and I’m thinking longer term, and I’m saying It seems to me in the world we live in today that the ability of being proactive at the government level would pay dividends in the future without having the optics that we may have of an outcome, in a world where right now I am the most cynical guy probably here in the room. I don’t necessarily believe that anything going forward is going to change, even by me speaking now. What I do know, factually is, when you look at a helicopter going down in a river outside of New York, and the FAA says “Hey, maybe it’s a bad idea that those people were strapped in and hanging outside the door, and died in that accident. We should go and change that law.” I think we should be as proactive here now, before one of those events happens, and actually say, “maybe a resource officer and addressing the issue of putting social workers in our schools to help children cope with life challenges, bullying, issues at home and other areas, would be a proactive step that we could fund, we could find a way of fitting that in and helping boost what is already being put into the budget for the school system of Shelton.” Thank you.

Jenny Meeker, 59 Rocky Rest Road

I have a first grader at Long Hill Elementary School, so you guys can figure out where this is going. I am here to speak on behalf of the Board of Education’s funding of their budget, yet again, this is my third time appearing before the Board of Aldermen so thank you for hearing me yet again, ad nauseam.

I want to say it was disheartening recently to read that the Mayor is not only not just maintaining the mill rate for the City, but lowering the mill rate for the City, knowing that there is this budget from the Board of Education is in front of the Board of Aldermen waiting to be approved. Fully funded would be nice for once, in it’s entire history of the Board of Education would be great.

The Mayor tends to forget that the Board continually asks for funding and instead of getting any of it they are constantly being asking to make cuts. These cuts are causing suffering to the students of this City regularly. The declining amount, and I know that President Anglace stated two meetings ago that the Boards asks knowing that this is going to happen, when frankly, it doesn’t need to happen. If he raised the mill rate 1 mill, you’d get $1.3 million that could basically fund that difference that they’re requiring for the staffing that they need in this City to educate the people that they need educated. Staff the people they need to staff and provide the resources that these students need in order to succeed for the City.

So please, I don’t know why this is so hard. It seems to be simple math to me. Maybe I’m a dunce; I don’t know. But I don’t understand why continually this is overlooked. I don’t understand why this is so hard for people to grasp. It’s not that big of amount of money. It’s $150 over the course of a year. A year. Twelve months. So it’s like, $12 a month. It’s not that big of a deal to your pocket, ultimately, but it’s a big deal to the children of this City and families of this City.

So please, I’m not sure what sway you have with a man who is not sitting in his chair right now because he’s out doing his gubernatorial fundraising. But please, try your level best to do what is right, and that I think you know is right for this City. And please, address the mill rate so that this Board of Education budget can be fully
funded, so that no more cuts have to be made for staff and resources for the school system that this City desperately and actually does need. Thank you.

Lauren Moore, 5 White Birch Court

I’m kind of piggybacking off of what my husband just spoke about and the person from Long Hill just spoke about. I’m urging you to fully fund the Board of Education budget.

I’m new to this. I kind of got involved when I realized our elementary school, Elizabeth Shelton, has the largest enrollment of any elementary school in Shelton at almost 500 kids. We have a school counselor only available to these kids 2.5 days a week. It’s not enough. Some of the smaller elementary schools only have a school counselor available one day a week. It’s not enough. Times are changing. These counselors are not career guidance counselors. These counselors are so important to helping children deal with peer-to-peer issues, maybe problems they have at home that are impacting their education. You know, sometimes the counselors just meet with the kids to have lunch and talk about just ways to make their days easier and how they can cope with different anxieties they may have about going to school.

Without fully funding the Board of Education budget we’re never going to see a full-time counselor in these elementary schools. The money is just not there. I reviewed the Board of Education’s request. Quite frankly I don’t know how we’re going to sustain programs going forward when the cost of, say, special education, if you look at that over the past 10 years, special education student population in Shelton increased 65 percent. In that same time, school counselors, social workers and psychologists decreased by nine percent. These are the staff that help support special education, and you can see that the numbers just aren’t matching up, because the money isn’t there.

I am urging you please fully fund the Board of Education’s budget so we can see a positive impact. Maybe next year, maybe there will be a line item for a school counselor for every elementary school, which is really what I’d like to see. Thank you very much.

Lauren Osso, 89 Okenuck Way

I have two children at Elizabeth Shelton School and I have four stepchildren, one at Perry Hill, one at SIS and two graduates from Shelton High. I am here tonight for two reasons. The first reason is because I truly and desperately feel that our schools need more security. I went to listen to Ben Trabka speak at the high school, and I am 100 percent happy with the fact there is stuff being done, but the key word is “stuff.” I don’t really know specifics because apparently those are only for the Police Department to know. However, as a parent of children in this school district, I don’t feel 100 percent confident in that.

I want to see measures taking place. This world that we live in is so unpredictable with violence. I don’t feel that Elizabeth Shelton for instance, I don’t feel as if it’s as safe as it should be. I think that our elementary schools need to be just as safe as the high school, which means having SROs at each school, specifically Elizabeth Shelton where there are 500 kids. Having security guards – I don’t believe that it’s in the best interest for our school secretaries to act as security guards. That is not their job and to me, I feel as if you’re putting it up for failure that they are going to be held responsible for taking care of the door and managing all the safety. I don’t think that’s appropriate.

The Board of Education has told us that there would be window film on our windows. Yes, we’re waiting for the windows to be replaced before we put the film up. How long is that going to take? We need it now, okay? We don’t need it in the future. We need it now.

The twofold is that I truly with every fiber of my being feel that the Board of Ed needs to have their budget funded. What they’ve proposed - at least what they’ve proposed
needs to be funded. But the SROs, I don’t see why those can’t come out of the Police Department or possibly the $47,000 that was given back last year from the Tree Warden line item for the City. That really could be held in security for our children. I mean, I understand trees need to be removed, I do. However, when we get $47,000 back, hmm, where is that money going?

In addition, I’m happy to pay $34 more in my taxes if it means my children are going to be safe. I also have a private practice in mental health here in Shelton and I see many, many children who are in the Shelton school district who do not feel safe. Emotionally, physically – they don’t feel safe. We have one school psychologist for 500 children at Elizabeth Shelton School. If that’s not setting somebody up for failure of their job, I don’t know what is.

I know I only have five minutes, so I hope to make an appointment with my Aldermen and speak directly to him or her because I don't know who that is, and possibly go into more detail. I do think that the City has the money to provide safety for our children, and possibly address the mental health concerns and the fact that our City, 96 percent increase in ESL students, 63 percent increase in free and reduced lunch, 65 percent increase for students who are entitled to special ed. Kind of showing a need. Thank you.

There being no other speakers, Alderman Anglace declared the Public Session closed.

**ADD-ONS**

Alderman McPherson MOVED to add the following to the agenda:

9.5 FUNDING FOR UTILITY VEHICLE FOR FIRE DEPARTMENT

SECONDED by Alderman Kudej. A voice vote was taken and the MOTION PASSED 6-0.

**MINUTES FOR APPROVAL**

Alderman McPherson MOVED to waive the reading and approve the following meeting minutes:

Regular Full Board Meeting – March 8, 2018

SECONDED by Alderman Capra. A voice vote was taken and the MOTION PASSED 6-0.

5.1 FINANCE COMMITTEE

No Items

5.2 PUBLIC HEALTH & SAFETY

NO ITEMS

5.3 STREET COMMITTEE

NO ITEMS

**REPORT OF THE MAYOR**

NONE

**REPORT OF THE PRESIDENT**

The Naugatuck Valley Council of Governments has asked us to approve a motion to allow the Board of Education to participate with other school systems to effectuate
cost savings in a number of ways. However, upon review of the motion, what they’re really asking us to do is to approve goes far beyond the cooperative efforts of buying and finding other ways to save money, which is commendable.

What they are really asking us to do is, I got into the motion in depth. They’re asking us to approve the formation of a regional school system under State Statutes. That is something that neither the Board of Education or Superintendent of Schools has asked for.

The Board of Education has approved a motion to participate in ways with other school districts in ways to save money, purchasing, etc. That is commendable and that’s all the authorization they need because the Board of Education has the authority to do that. If we stick our noses in, what I told the Naugatuck Valley Council of Governments, if we were to act on their motion, certainly it’s going to go down, because I would recommend it go down, because we’re not going to give them an unlicensed, with no time limit on the motion, that we’re interested in getting into a regional school system with anybody. That is not what our Superintendent wants, nor is it what our Board of Education wants.

I’m telling you this so that you know, if you hear anything from the Council of Governments, the action that I took, that I’m not going to bring it up before this Board because it doesn’t have to come before this Board. There is nothing that prohibits the Board of Education from engaging in mutual activities with other school districts to save money. I presume after talking with the Superintendent, he agrees with that.

6 – LEGAL REPORT

6.1 CORPORATION COUNSEL BILLING

Alderman McPherson MOVED to authorize a total payment of $4,337.25 to Corporation Counsel, Welch, Teodosio, & Stanek, LLC, for services rendered per statement dated March 19, 2018 and April 2, 2018 with funds to come from the following Legal Services Accounts:

| Legal Fees | 001-1900-411.30-03 | $4,337.25 |

SECONDED by Alderman Kudej. A voice vote was taken and the MOTION PASSED 6-0.

7 – LEGISLATIVE OLD

NO ITEMS.

8 - FINANCIAL BUSINESS - OLD

8.1 FUNDING FOR 35 OLD TOWN ROAD – RESCISSION OF ACTION AND RE-APPROPRIATION

Alderman McPherson MOVED to rescind the action “11.1 Purchase of Property” taken at the March 8, 2018 Board of Aldermen Regular Full Board Meeting; and further,

MOVED to appropriate an amount of $131,802 for the purchase of 35 Old Town Road (2.7 acres) with funding to come from Aldermanic Bonding pursuant to Section 7.16 of the City Charter.

SECONDED by Alderman Kudej.

Corporation Counsel Teodosio explained, the Board had previously approved a gross amount of $135,000 for the purchase. We looked at the appraisal and the property is valued at $130,000. The action was to cover additional expenses. Additional expenses were much less than the difference between $130,000 and $135,000, so the new motion, because it’s now after the fact, actually identifies the exact amount of money we needed to close the deal.
A voice vote was taken and the MOTION PASSED 6-0.

9 – FINANCIAL BUSINESS - NEW

9.1 – APRIL STATUTORY REFUNDS

Alderman McPherson MOVED that the report of the Tax Collector relative to the refund of taxes for a total amount of $16,387.72 be approved and that the Finance Director be directed to make payments in accordance with the certified list received from the Tax Collector with funds to come from the Statutory Refunds Account 001-0000-311.13.00; SECONDED by Alderman Kudej. A voice vote was taken and the MOTION PASSED 6-0.

9.2 – FUNDING FOR THE FORMER CHROMIUM PROCESS PLANT SITE

Alderman McPherson MOVED to appropriate an amount of $345,000 for the demolition, engineering and administration services for the former Chromium Process Plant site at 113 West Canal Street with funding to come from Aldermanic Bonding pursuant to Section 7.16 of the City Charter; and further,

MOVED to approve the agreement between Cisco, LLC and the City of Shelton for the installation of an environmental control liner at the former Chromium Process Plant with funding in the amount of $108,170 to be taken from the $345,000 appropriation; and further,

Authorize Mayor Mark A. Lauretti to execute any and all documents necessary to effectuate the same; and further,

The Shelton Economic Development Corporation, the implementing agency for the City of Shelton, is authorized and will continue to provide management services for this program on behalf of the City of Shelton.

SECONDED by Alderman Capra. A voice vote was taken and the MOTION PASSED 6-0.

9.3 – FUNDING FOR DERBY-SHELTON CIVIL WAR MONUMENT

Alderman McPherson MOVED to appropriate funding in an amount not to exceed $7,500 for the Derby-Shelton Civil War Monument with funding to come from Contingency General Account #001-9900-900.99-00; SECONDED by Alderman Balamaci. A voice vote was taken and the MOTION PASSED 6-0.

9.4 FUNDING FOR TENNIS AND BASKETBALL COURTS AND FENCING – LOCIP ELIGIBLE

Alderman McPherson MOVED to add the resurfacing of tennis and basketball courts,

4 tennis and 1 basketball court at the Nike Site;
4 tennis and 1 basketball court at East Village;
2 basketball courts at Sunnyside;
8 tennis courts at Shelton High School

along with fencing at East Village Park tennis courts to the Capital Improvement Plan with funding in an amount of $106,967 to come from LOCIP; and further,

MOVED to authorize Mayor Mark A. Lauretti to execute any and all documents necessary to effectuate the same. SECONDED by Alderman Kudej.

Alderman McPherson noted that there were photos for the Board to see regarding the work to be done.
Parks and Recreation Director Ron Herrick stated, at the High School, they’re in bad shape. We also have courts at the Nike Site and East Village Park – not quite as damaged as the high school but in desperate need of repair. The last time we had repairs done was six years ago. We really should do it every two to three years. We’ve talked about it for a couple of years now, so hopefully the funding will pass and we can take care of this hopefully in the next month.

President Anglace asked, are you taking care of the high school courts?

Mr. Herrick stated no, the High School is under the purview of the Board of Education.

President Anglace asked, is the Board of Education aware of this?

Mr. Herrick replied, they are aware and have asked the City for help. I’ve just become aware that the LOCIP funding is available now for the Board of Education, I think that came down in the last month, as long as it’s not attached to the building. This is a great opportunity to use those funds for this project. We’ve used LOCIP for our Parks & Rec in the past; that’s how we’ve done the repairs and resurfacings.

President Anglace explained, normally LOCIP funds are not eligible to be used on education spending. But being that these were detached from the school and being that the LOCIP people still have to approve this, we are recommending and they still have the final say.

Mr. Herrick added, It’s used by the public; it’s not just a school function.

President Anglace stated, we’re going to proceed with this, yes?

Mr. Herrick replied, yes.

A voice vote was taken and the MOTION PASSED 6-0.

9.5 FUNDING FOR UTILITY VEHICLE FOR FIRE DEPARTMENT

Alderman McPherson MOVED to appropriate an amount of $65,764 for the purchase of a utility vehicle for Huntington Fire Department with funding to come from Aldermanic Bonding pursuant to Section 7.16 of the City Charter; SECONDED by Alderman McGorty.

President Anglace asked, Is this going to make our State Representative who is also a member of the Huntington Fire Department happy?

Fire Chief Fran Jones replied, it’s a start. As you know, the Fire Department has a lot of needs, just like the rest of the town departments. We definitely appreciate the Mayor’s support and the Aldermen’s support for replacing the 1985 Chevy 3500. The old truck does still have some life in it because our membership takes very good care of our vehicles. It’s going to be repurposed to Parks & Recreation - possibly. It’s seen its days in the Fire service. We appreciate the support.

President Anglace stated, there was some talk that the bid price was originally around $81,000 and I see you came in much lower than that.

Chief Jones stated, that’s due to the hard work of the Fire Captain and his staff up at Huntington Fire Company. We went to bid a couple of times. Once the bid was completed and awarded we were able to talk to the vendor and review the spec sheet item by item. We found about $7,000 worth of savings. The reduced cost is a reflection of some hard work by the Fire Department staff in finding some additional savings.

President Anglace stated, so this allows you to purchase the vehicle, but you’ll still have to come back to us for funding.
Chief Jones stated, yes, for graphics, emergency lighting, radio equipment, and accessories. We will probably revisit you in four to five months for about $12,000 to $15,000 to outfit the vehicle.

A voice vote was taken and the MOTION PASSED 6-0.

10.1 – ITEMS TO PUBLIC HEARING

NO ITEMS.

10.2 – CITY OF SHELTON FAIR HOUSING AUTHORITY RESOLUTION

Alderman McPherson MOVED to adopt the following resolution:

CITY OF SHELTON FAIR HOUSING RESOLUTION

Whereas, It is the policy of The City of Shelton to promote fair housing opportunities and to encourage racial and economic integration in all its programs and housing development activities; and

Whereas, Programs funded and administered by this City of Shelton must comply with the provisions of Section 46a-64c of the C.G.S., and with related state and federal laws and regulations that prohibit discriminatory housing practices; and

Whereas, The City of Shelton or any sub-recipient of The City of Shelton will carry out an affirmative marketing program to attract prospective buyers or tenants of all majority or minority groups, without consideration of race, creed, color, national origin, ancestry, sex, marital status, age, lawful source of income, familial status, sexual orientation, gender identity or expression and physical or mental disability in all programs and housing development activities funded or administered by the City of Shelton; and

Whereas, Building Official Joseph Ballaro is responsible for the enforcement and implementation of this policy; the Building Official may be reached at (203) 924-1555, Ext. 1358 or j.ballaro@cityofshelton.org; and

Whereas, Complaints pertaining to discrimination in any program funded or administered by this City of Shelton may be filed with the Building Official Joseph Ballaro. The City of Shelton’s Grievance procedure will be utilized in these cases. Complaints also may be filed with the Commission on Human Rights and Opportunity, Special Enforcement Unit, 25 Sigourney Street, Hartford, CT 06106, Telephone (860) 541-3403; and

Whereas, A copy of this policy statement will be given annually to all City of Shelton employees and they are expected to fully comply with it. In addition a copy will be posted throughout the City of Shelton’s offices.

NOW THEREFORE, BE IT RESOLVED, That the City of Shelton hereby endorses a Fair Housing Policy and authorizes Mayor Mark A. Lauretti to execute any and all documents to effectuate same.

SECONDED by Alderman Kudej.

President Anglace stated, I believe this allows us to apply for the grant. If we get that grant, the money will be used for improvements at Sinsabaugh Heights. Lisa Low will be authorized to proceed and file for the grant. One of the projects will include updating heating and air conditioning units, which will result in a cost savings for the residents that heat with all electric heat in the winter. It’s a very worthwhile project.

A voice vote was taken and the MOTION PASSED 6-0.
11 - EXECUTIVE SESSION

At approximately 7:46 p.m., Alderman McPherson MOVED to enter Executive Session to discuss the following agenda items:

11.1 PURCHASE OF PROPERTY

11.2 CHRO Case #1730323 & #1730324 ADCOX/FINN/SHELTON

and invited Corporation Counsel Teodosio to remain in the auditorium; SECONDED by Alderman Balamaci. A voice vote was taken and the MOTION PASSED 6-0.

Return to Regular Session

At approximately 8:08 p.m., Alderman McPherson MOVED to return to regular session; SECONDED by Alderman McGorty. A voice vote was taken and the MOTION PASSED 6-0.

Alderman Anglace noted that no votes were taken during the Executive Session.

11.1 PURCHASE OF PROPERTY

Alderman McPherson MOVED to approve the purchase of 69 Pearmain Road, Shelton, Connecticut, Assessor’s Map 134 Lot #1 for the purchase price of $375,000 with carrying costs not to exceed $4,000 and purchase to occur on or before December 31, 2018; and further, MOVED to authorize Mayor Mark A. Lauretti to execute any and all paperwork necessary to effectuate the purchase; SECONDED by Alderman Capra. A voice vote was taken and the MOTION PASSED 6-0.

11.2 CHRO CASE #1730323 & #1730324 ADCOX/FINN/SHELTON

No action.

ADJOURNMENT

At 8:09 p.m., Alderman McPherson MOVED to ADJOURN; SECONDED by Alderman Kudej. A voice vote was taken and the MOTION PASSED 6-0.

Respectfully submitted,

Patricia M. Bruder
Administrative Secretary
City of Shelton

DATE APPROVED: ___________ BY ________________________________
Mark A. Lauretti
Mayor, City of Shelton
