3.2 Drainage Issues Beardsley, Dimon, and Margaret Drive

There is no official update at this point but it looks like they city will be able to work on Beardsely. Dimon and Margaret have really serious issues and would most likely be a major job. The City Engineer needs to review it.

There is also an issue of drainage on Grove Street. There will be an extension of a road through there and the committee discussed how the water run off and roads might be affected once it is complete. The Alderman expressed concern as many of the resident in their ward are not happy with the street. Mr. DiMauro says he will address it as the weather improves.
