MEMO

TO ALL SHELTON RESIDENTS:

REGARDING TRASH AND RECYCLING PICK UP ISSUES

Although the City of Shelton does own the trash/recycle trucks they are leased to, maintained, and driven by Oakridge Waste and Recycling Company employees. Any questions or concerns about missed garbage/recycling pick ups should be directed to Oakridge Waste and Recycling at 203-929-5488.

Shelton Public Works should only be called for trash/recycling can issues such as damage to can, wheels, or if a replacement/extra can is needed etc.

Public Works will implement the “Code Red” system through the Shelton Police Department when we are made aware that trash/recycling will be delayed due to inclement weather.

Thank You,

Brian Roach
