We welcome parents and guardians to an informative evening presented by CT Association of Prevention Professionals (CAPP) to help grow your skill set in recognizing how items used to Stash, Sip, or Smoke may be lurking in your own homes – “hidden in plain sight”.

Adults will be able to walk through and experience a “hands on” search for clues of high risk behaviors in a typical home environment. You’ll learn more about what to look for in drug trends such as concealment areas, hidden containers, clothing, paraphernalia, logos, and more.
