If the Mayor does not exercise his/her power of veto over a budget submitted to him pursuant hereto, that budget and the tax rate associated therewith shall become the budget and the tax rate of the City. If the Mayor's veto of any budget and the tax rate submitted to him pursuant hereto is overridden as provided herein, that budget and tax rate associated therewith shall become the budget and tax rate of the City.

Section 7.7. Subsequent Appropriations.

(a) Additional appropriations for any department from any budgeted contingency fund may be made from time to time by the Board of Aldermen upon its own initiative, upon recommendation of the Mayor

(b) Additional appropriations over and above the total budget may be made from time to time only by the Board of Aldermen upon their own initiative, upon recommendation of the Mayor, and upon certification from the Director of Finance that there are available unappropriated general fund resources in excess of the proposed additional appropriations.

(c) If unappropriated general fund resources are not available, and an occasion arises where additional monies are needed to fund necessary general governmental operations, the Board of Aldermen, on its own initiative, or upon recommendation of the Mayor, and by a vote of at least three quarters of the full membership of the Board of Aldermen, may make an appropriation or appropriations for such purposes, provided that the

total amount of such appropriation or appropriations in any one (1) fiscal year under this Section shall not exceed two percent (2%) of the Budget of the fiscal year in which the appropriations are made.

(d) If unappropriated general fund resources are not available, the Board of Aldermen, on its own initiative, or upon the recommendation of the Mayor, and by a vote of at least three quarters of the full membership of the Board of Aldermen, may make an appropriation or appropriations as may be required in the event of any emergency affecting the general health, safety and welfare of the public or to pay any final judgment which may be rendered against the City of Shelton.

(e) Before any appropriation is made pursuant to either Section (c) or (d) above, the Board of Aldermen shall conduct a public hearing at which any elector or taxpayer of the City shall have an opportunity to be heard. Notice of such hearing shall be given on the City's website and as required by Connecticut General Statutes not more than ten (10) nor less than five (5) days prior to such hearing, provided that if in the unanimous opinion of the Board of Aldermen any emergency under Section (d) above is so grave as to require immediate action, the public hearing may be dispensed with by such unanimous vote.

(f) Any appropriation made under the provisions of Sections (c) and (d) above shall be financed by such borrowing as may be necessary to fund the same, provided that the amount of such borrowing shall be included in and made part of the next tax levy. If not otherwise prohibited by law, the Board of Aldermen may authorize borrowing from existing city accounts or funds, but such borrowing shall be limited to fifty percent (50%) of the audited accounts receivable balance as of the commencement of the fiscal year in which the borrowing is made or fifty percent (50%) of the available funds, whichever figure is smaller.

Section 7.8. Financial Procedures.

(a) No person or department shall obligate the City to spend money for any purpose in excess of the amount appropriated for that purpose until the expenditure has been approved by the Board of Aldermen.

(b) If the Board of Aldermen shall approve the over-expenditure of a departmental budget, it shall provide an additional appropriation therefore pursuant to either Section 7.7.(a), Section 7.7.(b) or Section 7.7.(c) unless the Finance Director certifies that there will be an excess in other departmental budgets at the end of the fiscal year.

(c) During the last thirty (30) days of each fiscal year, the Board of Aldermen, upon the recommendation of the Finance Director, may transfer unexpended and unencumbered balances from one departmental appropriation to another, provided that no transfer shall be made in a departmental budget if the department head certifies in writing to the Board of Aldermen that any remaining monies are required for the necessary operation of his/her department and provided further that no transfer shall be made from the appropriation of the Board of Education.

(d) The Board of Aldermen (or a designated committee) shall consider and approve or disapprove all line item transfers within a Department budget during the fiscal year. No transfer shall be made from any appropriation for debt service or other statutory charges.

(e) Any portion of an annual appropriation remaining unexpended and unencumbered at the close of the fiscal year shall lapse. Appropriations for permanent improvements shall not lapse until the purpose for which the appropriation was made shall have been accomplished or abandoned; provided any such project shall be deemed to have been abandoned if three (3) years shall elapse without any expenditure from or encumbrance of the appropriation for the project. The Board of Aldermen (or designated committee) and Director of Finance shall review such appropriation to verify its termination.

(f) Any payment made in violation of the provisions of this Charter shall be illegal and every official authorizing or making such payment, and every person knowingly receiving such payment or any part thereof shall be jointly and severally liable to the City for the full amount so paid or received.

(a) The Purchasing Agent shall make all purchases on behalf of the City. The Purchasing Agent shall purchase all goods and services required by the City and its boards, commissions, and other bodies (except the Board of Education, with which the Purchasing Agent shall work on coordinating major purchases under single contract), and its departments, offices and other agencies and its officials. The

Purchasing Agent shall act upon receipt of a requisition signed by a responsible representative designated by any board, commission, other body or department, office or other agency or official. The Purchasing Agent shall, to the extent requested by the Chairman of the Board of Education, serve as the purchasing agent for the Board of Education. (b) Bidding:

1. The Purchasing Agent shall let to bid all purchases (including those made by the Board of Education) which reasonably may involve the expenditure of Fifteen Thousand Dollars (\$15,000.00) or more by the invitation of sealed bids, giving at least ten (10) days' notice of the closing date for bids on the City Website and as required by Connecticut General Statutes.. The bids shall be opened publicly during regular working hours, by the Purchasing Agent and a representative of the entity requesting the purchase, at a time which shall be published in the invitation of sealed bid. A list of all bids received shall be prepared and recorded in the City/Town Clerk's Office and a copy of all bids shall be available for public inspection in the Office of the Purchasing Agent. The Purchasing Agent shall determine the lowest responsible bidder; however, he/she may reject any, all or any part of any bids. The Board of Aldermen may establish such other regulations for purchases and bidding as it deems appropriate.
2. When any purchase involving expenditure in excess of Five Thousand Dollars (\$5,000.00) and does not exceed Fifteen Thousand Dollars (\$15,000), the Purchasing Agent, or in the case of the Board of Education, an agent designated by the Board of Education, shall obtain a minimum of three (3) written proposals for the purchase of the item and shall make such purchase from the lowest responsible vendor, unless the Purchasing Agent, or in the case of the Board of Education, an agent designated by the Board of Education determines that the purchase is due to an emergency or is available only from a single source vendor and in that event, the Purchasing Agent or in the case of the Board of Education, an agent designated by the Board of Education shall create and maintain a written record of the reasons for such choice.
3. For all other purchases, the Purchasing Agent or in the case of the Board of Education, an agent designated by the Board of Education, may make such purchases direct as prescribed by the procedures enacted by the Purchasing Agent.
4. "Purchase" as used herein shall be defined to include the purchase in any fiscal year of any goods, services or combination of goods and services from a single vendor, including but not limited to public improvements

and professional services. Aggregate purchases shall not be divided into small increments so as to avoid the provisions called for herein.

The Board of Aldermen shall establish by resolution such procedures for evaluation and recommendation for the selection of professional services.

The Board of Education shall determine by resolution at least annually and may amend from time to time as required those services which are considered as professional and as to which selection by bidding to determine the lowest responsible provider is not required.

(d) Waiver of Bids: Whenever the Purchasing Agent shall determine that bidding for any particular goods or services would be impractical, impossible or unwise; the Purchasing Agent shall recommend to the Board of Aldermen that bids be waived. Each such recommendation shall be in writing and shall state its reason. If the Board of Aldermen approves such recommendation by an affirmative vote of at least six (6) of the eight (8) members, bids shall be waived and the goods or services shall be purchased in such manner as the Board of Aldermen directs.

(e) The Director of Finance shall ensure that the amount of each authorized purchase and each contract for a future purchase is recorded as an encumbrance against the appropriation from which it is paid or to be paid.

(f) Each charge and prospective charge against the City shall state the department and the appropriation against which it is to be charged. The Director of Finance or designee shall audit and approve as correct and valid each charge against the City and shall authorize payment of all approved charges in writing. At the end of each month the Board of Aldermen (or designated committee) may review the charges against the City for the preceding month and may make recommendations to the Mayor concerning charges against the City.

(g) The Director of Finance shall prescribe the time at which and the manner in which persons receiving money from the account of the City shall be paid.

Any such bonds issued by the Board of Aldermen without the approval of the electorate and any notes issued pursuant to such authorization shall be repaid on a straight-line method within five (5) fiscal years, commencing with the fiscal year immediately following the fiscal year in which the authorization occurred.

The total aggregate amount of bonds that may be issued for any purpose in a single fiscal year without the approval of the electorate shall not exceed three percent (3%) of the authorized municipal budget for the fiscal year in which the bonds are being authorized.
