October 2022 Grand List

Re: Dealer/Repairer Plates

To whom it may concern:

Enclosed you will find a form for Dealer/Repairer license plates. This is a yearly form that must be filled out and returned to Assessors Office, 54 Hill Street, Shelton, CT 06484, by November 30, 2022.

The Motor Vehicle Department notifies our office every year of all businesses in Shelton that have been issued Dealer/Repairer plates. It is necessary that you fill out the entire form enclosed and list all of the plates you were issued, the vehicle it is on, and the use of each vehicle.

If any of the plates are being used for business use (customer loaners, transportation or shuttle vehicles), or personal use (owner’s personal vehicle, salesman demo vehicle, vehicles used by members of the owner’s family, or an employee using the dealer plate on a personal vehicle), we need to know which vehicle that plate was on as of October 1st, 2022 for assessment purposes.

It is important that you return the form to us so that we know the current status of each plate. If any of the plates are shifted around from vehicle to vehicle, you need to list the vehicle the plate was being used on as of October 1st, 2022. Plates that are currently unassigned to any vehicle also need to be listed on this form and specified that they were not being used.

If you have any questions, please call our office at (203) 924-1555, extension 1364.

Sincerely,

William Gaffney
CCMA II
Assessor, City of Shelton
