BOARD OF ALDERMEN  
FINANCE COMMITTEE MEETING  
CITY OF SHELTON  
TUESDAY, APRIL 28, 2026  
SHELTON CITY HALL, 54 HILL STREET, SHELTON CT  
MEETING MINUTES

---

**Call to Order/Pledge of Allegiance**

Alderman Simonetti called the regular Board of Aldermen Finance Committee to order at 5:30 p.m. in the auditorium at Shelton City Hall. All those present stood and pledged allegiance to the Flag of the United States of America.

**Roll Call**

Alderman John F. Anglace, Jr. – Present  
Alderman Porter McKinnon – Present via Phone  
Alderman Anthony Simonetti – Present

**PUBLIC PORTION**

No one from the public was in attendance to speak.

**1. MINUTES FOR APPROVAL**

Alderman Anglace MOVED to waive the reading of and approve the following minutes:  
Regular Finance Committee Meeting of January 27, 2026  
Special Finance Committee Meeting of March 4, 2026  
Regular Finance Committee Meeting of March 24, 2026.

Seconded by Alderman McKinnon.

A voice vote was taken and motion passed unanimously.

*(Minutes can be found at [www.cityofshelton.org](http://www.cityofshelton.org))*

**PURCHASE OF NEW BUSES FOR SHELTON STUDENT TRANSPORTATION SERVICES**

Alderman Anglace MOVED to recommend to the Full Board to approve the purchase of ten (10) buses, new or used, in an amount not to exceed \$1.8 million of various sizes, seat capacity, and handicap accessibility per the Shelton Public School Transportation Bus Services Director, with funding to come from aldermanic bonding pursuant to 7.16 of the City Charter.

Seconded by Alderman McKinnon.

Discussion:

Alderman Simonetti: We talked with Frank Scalzo and he said if we could get ten buses every year that would keep the fleet going and he could use the other buses to cannibalize and use them to keep the other buses going. Our fleet is now about 12 years old and although we did put in some newer buses that were 3-6 years old, eight of which we bought and they came in around February. The buses only come from one source, Blue Bird, as they are propane and they are the only ones that make them.

Alderman McKinnon: You are saying ten buses for \$1.8 million.

Alderman Simonetti: The price breakdown shows Type 1 bus with 77 capacity is \$176,000, 47 seat \$169,000, 24 with handicap/wheelchair is \$174,000. I think we should propose ten. \$180,000 delivered I think \$1.8 million is a fair number.

Alderman McKinnon: We bought several buses not long ago which were \$6000 a bus.

Alderman Simonetti: We bought those buses because the City of New Haven had a bunch of buses they wouldn't use any more and they were smaller buses. We got a good deal on them. They are all in good shape and we were able to get them registered and certified right away.

A voice vote was taken and motion passed unanimously.

**ADJOURNMENT**

Alderman Anglace Moved to adjourn; Alderman McKinnon seconded. A voice vote was taken and passed unanimously. The meeting adjourned at 5:40 p.m.

Respectfully submitted,

*Donna Fonda*

Donna Fonda, Acting Clerk  
Board of Aldermen

### 3. MAY STATUTORY REFUNDS

Move that the report of the Tax Collector relative to the refund of taxes for a total amount of \$3,291.82 be approved and that the Finance Director be directed to make payments in accordance with the certified list received from the Tax Collector with funds to come from the Statutory Refunds Account 001-0000-311.13.00.

RE: Waiver of Bidding Process regarding Paving Coram Avenue Bridge Deck

In accordance with Charter Section 7.14.3(d) and the information attached from Brian Roach, Supervisor, Highways and Bridges, dated April 30, 2026, a waiver of the bidding process is hereby recommended for Aldermanic consideration. The Highways and Bridges Department has contacted Laydon Industries for a quote on this project as Laydon Industries is currently contracted by Eversource Gas already doing work on Corma Ave. Laydon also has a very good & reputable past working history with the City. By Laydon doing the work described, it will allow for a smoother and quicker paving. The quoted amount of the job comes to \$ 18,504.50. Please see information attached.

Sincerely,

Grace Zweig

Re: Waiver Request- Coram Avenue Bridge deck

The Public Works Department requests a Waiver of Bid be granted for Milling and Paving of the Conn-Dot bridge deck on Coram Avenue.

The reason for this waiver request is that Laydon Industries is the contractor for Eversource Gas doing the final full restoration of the gas work done on Coram Avenue. consisting of 2" curb to curb mill and pave from Cornell Street to Kneen Street but does not include the bridge deck of Conn-Dot Bridge #00570.

Conn-Dot has given their blessing on milling and paving the deck and have done their asphalt depth checks and removal of bridge joints.

The proposal by Laydon Industries of \$18,504.40 for the milling and paving of the parameters set by us are described in the attached quote. By having Laydon Industries do the work described it will allow for a smoother, continuous pave in lieu of a stop and start by two separate millers/pavers.

With this in mind, I request that a Waiver of Bid be granted for the contracting of Laydon Industries for this project on Coram Avenue.

Thank you.

### 8.10 CT DEEP ARPA FORMS – FOOTBALL FIELD SCOREBOARD AND SOCCER FIELD

Alderman Anglace MOVED to approve the following resolution:

Be it resolved, that the City of Shelton may enter into with and deliver to the State of Connecticut Department of Energy and Environmental Protection, any and all documents which it deems to be necessary to appropriate for a grant of \$300,000 for the Shelton High School Football Scoreboard (\$150,000) and Soccer Field (\$150,000) at Shelton High School; and be it

Further resolved, that Mark A. Lauretti as Mayor of the City of Shelton, is authorized and directed to execute and deliver any and all documents on behalf of the City of Shelton and to do and perform all acts and things which he deems to be necessary or appropriate to carry out the terms of such documents.

Seconded by Alderman Simonetti.

Discussion:

Mayor Lauretti: The intent for the grant for the football field is for a scoreboard. It is the only thing missing up there. The other grant is not for a scoreboard at the soccer field. The soccer field will cost somewhere in the neighborhood of \$2 million. We only got \$500,000. It should be understood that this \$150 will go towards the field and we can worry about the scoreboard at another time.

Alderman Simonetti: This is the lower field The Shelton High School football field is the stadium.

A voice vote was taken and motion passed unanimously (8-0).
