

Statement of Use Special Exception:

5 Huntington Plaza, Shelton, CT 06484

Primarily a convenient mart with a deli, with your standard convenience. Drive-Thru will be utilized in these unprecedented times as a fully functional place where customers can order and pick up at the window. Pre-paid pickup is also an option, where we will develop a user-friendly mobile application to order through, as well as third-party applications, phone calls, and online ordering. However, if a customer decides to order items that will hold up the line, they will be advised to park in the designated parking space while a runner runs out their order to avoid any car queues. Signage will be handled after accepting approval and will conform to zoning regulations.

David Ghazal
